

Our Expertise

1. Precision Stamping Press Die Making

- a. Progressive Dies - Precision Carbide Dies, Motor Core Dies, Battery dies
- b. Single Stage Dies - Manual, Semi-Auto operations, Deep Draw Dies
- c. Transfer Dies - Bicycle Chain Guide, Gears & Link parts
- d. Jigs & Fixtures - All kinds of jigs/fixture for aerospace, precision industries

Battery Cap Progressive Die

Bicycle Gear Trimming Die

Motor Stacked Core Die Part

2. Providing Total Precision Machining Solutions (Die & Mould Spare Parts)

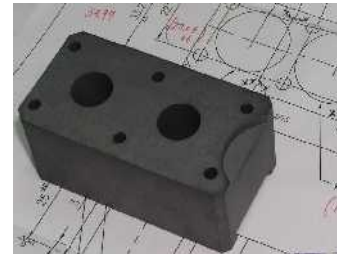

- a. Precision CNC Wirecut, Milling Services
- b. Precision Jig Grinding, Profile Grinding Services
- c. Precision Spare Parts – Carbide, High Speed Steel & Steel Tooling materials.

Precision Carbide Punches

Precision Ground Parts

Carbide Preform (Japan)

Moore JG m/c

3. Providing Complete Precision Stamping Solutions

- a. Stamping production for precision industries

Chin Fong 110T Press

Progressive Die

Bicycle Gear production
